

IXL MATH & ELA

SUMMER PROGRAM

You have all made so much growth this year and we are so proud of you! We want you to stay fresh with all your skills, so this summer we are giving you an IXL Math and ELA packet to complete. Please go to the Grace Website for the digital links and easy access. Click on the link for the grade that your child is entering in the fall. He/she only needs to obtain a powerscore of 80 or higher to count for completion. Good luck and look forward to a sweet treat in the fall for those that meet our goal!
